

# Evaluating the Cases

Name(s) \_\_\_\_\_ Date \_\_\_\_\_

As a team, decide which member of the group will watch or read each case study. When you ~~2019~~ ~~2018~~ with your case, answer questions 1 to 6. Then, discuss and answer questions 7 to 11 with your group members. If you wish, watch or read the case studies again to help with your answers.

**Case Study:** \_\_\_\_\_

1. What disease does the individual have? Is it chronic or acute?

2.
